FOREWORD

This year, 1967, is meaningful to Sherman High School by the way its students have represented themselves. The *ATHENIAN* of 1967 must measure the greatness of this year and this class by standing as a pictorial record of the student body and its achievements. The editors of the *ATHENIAN* hope that this will be an accurate reminder of a proud year. We congratulate the class of '67 and Sherman High School as we present the yearbook that must attempt to contain all the personalities, accomplishments, and emotions of nine months that will remain unforgettable to anyone that was closely connected to Sherman High. We are proud to present this book to the students and faculty since we are proud to have been a part of this year.

ADMINISTRATION AND FACULTY

Superintendent's Message

All that has occurred during the 1966-67 school year has now become a chapter in the history of Sherman High School. Victories, losses, achievements, and failures are now recorded as events of the past. What has been written will remain forever as a record of the work and activities of the students and faculty. Graduating seniors can point with great pride to the contributions they have made, and they will leave the high school with many treasured memories. As students who will be in Sherman High School in 1967-68 review the inspiring history of their high school, they should be challenged to reach new levels of attainment. Your goal should be for more victories and fewer losses, more achievements and fewer failures. To all of you I offer congratulations and commendation for your many contributions to Sherman High School! To each of you I wish for you continued success as you move ever upward to new levels of attainment!

Assistant Superintendent's Message

Your *ATHENIAN* outlines in pictures your friends, events, and accomplishments of a great school year. The value of your yearbook is fairly insignificant now, but five, ten, or twenty years from now you will treasure glancing through it and recalling the memories of your high school days. Make the most of these years by being a part of Sherman High School. If you do, your *ATHENIAN* will mean so much more.

The world in which we live becomes more complex as each year passes into history. We must continue to improve ourselves in the art of living at a rapid pace in order to stay abreast of a rapidly moving civilization. If we are to succeed as individuals and if our country is to continue as the greatest nation on earth, we must continue to grow on knowledge, strength and faith. Our worst enemies are complacency and ignorance.

Set your goals high and strive to achieve them; success and happiness will come to you.
